

The dishes served won't be found in Japan.
Instead, on the plate you will meet with
ingredients that Miki relies on:
from the farmer's hands
that work the fertile soil.
borne by the salt cloaked sea breeze and natural minerals.
Combined with a rich array of local produce.
and technique of using shallow copper pots.
Our dynamic vibe is reflected in the tailor-made degustation.
An eclectically curated range of Japanese sake
and local wines complete the culinary experience.
